EAN 4016032198734

CAT 5e U-UTP patch cord, PVC AWG 26/7, length 2 m, color grey

DIGITUS® Category 5e Class D patch cables are manufactured and tested in accordance with the ISO/IEC 11801 and DIN EN 50173 CAT 5e standards. They ensure that the cable installation complies with the ISO & EN channel specifications and deliver outstanding performance in DIGITUS® CAT 5e cabling. Performance has been tested up to 100 MHz, including performance characteristics such as near-end crosstalk (NEXT). DIGITUS® patch cables have been specially developed to fully meet all requirements across various application areas. Each cable is equipped with an injection-molded kink-protection sleeve with strain relief. In addition, the sleeve features a latch protection mechanism that prevents the cables from getting snagged and the latch from breaking off the connector. The blue color of the connectors makes it easy to identify Category 5e cables.

Future-oriented standards and high-end quality for your network.
