EAN 4016032371441

CAT 6A U-UTP patch cord, Cu, LSZH AWG 26/7, length 2 m, color grey

DIGITUS® Category 6A Class EA patch cables are manufactured and tested in accordance with the ISO/IEC 11801 and DIN EN 50173 CAT 6A standards. They ensure that the cable installation complies with the ISO & EN channel specifications and deliver outstanding performance in DIGITUS® CAT 6A cabling. Performance has been tested up to 500 MHz, including performance characteristics such as near-end crosstalk (NEXT). The DIGITUS® patch cables were specifically designed to fully meet all requirements across various application areas. Each cable is equipped with an injection-molded kink-protection sleeve with strain relief. In addition, the sleeve features a latch protection mechanism that prevents the cables from getting snagged and the latch from breaking off the connector. The yellow color of the connectors makes it easy to identify Category 6A cables.

Future-oriented standards and high-end quality for your network.
